EDUCATION

Bachelor of Engineering, Computer Engineering

Thapar Institute of Engineering & Technology

Current GPA: 9.23/10

2024 – 2028

Patiala, Punjab, IN

Class XII (CBSE), Physics, Chemistry, Maths & Economics

Amity International School, Sector 46

Percentage: 94.2%

2012 – 2024

Gurgaon, Haryana, IN

PROJECTS

Supp – Group Music Listening App 🎧 | Python, Django, ReactJS, PostgreSQL

- Developed a **real-time group music listening platform** enabling users to create and join rooms with synchronized playback across participants.
- Implemented collaborative **voting-to-skip functionality** and **role-based room controls**, allowing hosts to manage guest playback permissions.
- Built backend **APIs for room management, session handling, and playback state synchronization** across multiple users.
- Integrated authentication and persistent room sessions to maintain seamless multi-user listening experiences.

Sanjeevani – Health Record System for Workers 🏥 | Python, Flask, JavaScript, MySQL

- Built a full-stack health record system with secure **Aadhaar-based authentication** and role-based access using **Flask, SQLAlchemy, and MySQL**.
- Added dynamic medical history management with fully functional **RESTful APIs**, enabling **real-time updates** for workers and healthcare staff.
- Enabled QR-code-based emergency access, allowing healthcare workers instant retrieval of patient profiles from a secure endpoint.
- Integrated an AI healthcare assistant using the HuggingFace Inference API, with **request-session reuse** and **JSON payload minimization** to reduce unnecessary overhead and **improve chatbot response efficiency by 20%**.

TECHNICAL SKILLS

Languages: C/C++, Python, JavaScript, HTML, CSS, SQL

Frameworks: Django, Flask, React

Tools & Libraries: Git, NumPy, Pandas, Matplotlib

Database: MySQL, PostgreSQL

Relevant Coursework: Data Structures & Algorithms (DSA), DBMS, OOP, Computer Networks, OS

ACHIEVEMENTS

- Merit Scholarship:** Awarded tuition fee waiver for academic excellence, based on GPA merit at my university.
- National Finalist:** Selected for the International Conference on AI for Social Impact (Ajman, UAE, 2025) for presenting an AI-driven healthcare case study.
- District-Level Football (2nd Place):** Represented school team and secured runner-up position.
- District-Level Chess (3rd Place):** Achieved podium finish in inter-district competition.
